

# JOIN OUR WOODSHOP TEAM!

## PRODUCTION MANAGER

**APPLICATION DEADLINE  
APRIL 28 AT 11:59 PM**

We are committed to creating an environment of belonging for all. We welcome the unique contributions of all suitably qualified persons. Please submit your application in written or video format to [HR@lakecityworks.ca](mailto:HR@lakecityworks.ca)

## **About Us**

LakeCity Works supports people living with mental illness to build on their strengths, take on responsibilities and access work experience, education and employment. As well as our employment support and therapeutic services, we also operate several social enterprises. We're best known for our flagship enterprise, LakeCity Woodworkers, where we produce beautiful solid wood furniture. Our other ventures are equal sources of pride and include LakeCity Plastics, LakeCity Helpers, Reboot, Bright Firestarters, Vinland, and Woofingtons of LakeCity all of which are introduced in more detail on our website [www.lakecityworks.ca](http://www.lakecityworks.ca). We're an active, entrepreneurial, impact-driven organization and every day we live our vision to empower people to be their best selves and thrive.

## **About the Role**

This role reports to the Executive Director and works collaboratively with many individuals across the organization's programming and operations teams. The Production Manager is responsible for the manufacturing of high-quality solid wood furniture as well as production of stakes, Vinland products and Firestarters. The role also oversees the Plastics division as well as having responsibility for custom woodworking projects.

This is an exciting role which would particularly engage someone who has a passion for woodworking, proven management skills and a desire to make a meaningful difference through their work. The role includes support for onsite Participants and Supported Employees engaged in the woodworking functions.

It would suit a dynamic individual who appreciates variety in their tasks, takes pride in their work and enjoys working as part of a team.

The successful candidate will be skilled in woodworking and experienced in delivering all aspects of a production function. These include; designing, drawing, quoting, building, finishing, customer service and quality control.

They will also be able to develop and lead a team by managing processes and workflow as well as efficiency, performance and reporting. They hold responsibility for safety as well as departmental achievement of organizational objectives.

The role would be best suited to a strong communicator with excellent interpersonal skills and a naturally organized, detail-oriented mindset. It requires a positive, can-do approach to problem-solving and innovating. The wider culture is one of creating impact through empowerment so it will appeal to a leader who enjoys coaching and inspiring others as well as embracing their own opportunities for growth.

**PLEASE SEND YOUR COVER LETTER &
